

JPMORGAN CHASE & CO.

## **2019 Global Finance & Business Management Analyst Program - Launching Leaders Undergraduate Experience (Delaware)**

Creating a diverse team is a critical part of our success. We're looking for people with different backgrounds and perspectives to help us grow and position our businesses for the future.

As part of our commitment to diversity, our Launching Leaders Program seeks to provide top college students, who self-identify as Black, Hispanic or Native American, the chance to begin their careers in our Global Finance & Business Management Program. Your participation could lead to an offer for our summer analyst program in 2019 and awards of up to \$10,000.

As a junior offer-holder, you will receive a \$7,500 award and an additional \$2,500 award if you receive and accept a full-time offer.

During our 2-day event, you will meet with and hear from senior speakers, take part in developmental workshops, engage in panel discussions and activities, which are all designed to educate you about our program and the range of opportunities. The experience will prepare you for interviews by giving you the chance to learn about Global Finance organization and our recruiting process, ask questions and network with current employees.

### **What to expect**

This 10-week program delivers in-depth industry training, one-on-one mentorship and hands-on experience. You'll be placed as a member in one of the finance teams where you'll work in one of the following functional groups: Business Management, Controller, Financial Analysis, and Project Management. You'll work on critical initiatives for senior managers, supporting public filings and learning what it takes to close the books for the month or quarter. Top performers may receive a full-time opportunity at the end of the summer program.

- **Business Management** – Act as a trusted advisor to business and group heads by identifying, escalating and mitigating business risks and optimizing business performance by driving key initiatives.
- **Controller** – Responsible for ensuring the overall integrity and validity of the financial statements and controls over the transaction cycle; performing

critical reporting and controls functions for the organization, including legal entity, financial and regulatory and product valuation.

- **Financial Analysis** – Create meaningful analysis and reporting in support of our businesses. Coordinate with partners across the firm to provide financial and strategic analysis, creation, oversight and coordination of budgeting and forecasting.
- **Project Management** – Contribute to programs that are large scale and comprised of multiple projects and workstreams. Initiatives drive cross line of business or firm-wide agendas for implementation of new regulations, standards or policies.

Locations you may join:

- Newark/Wilmington, DE

### **About you**

We are looking for highly motivated individuals who have a passion for analysis that will help drive strategic business decisions.

This role is a pipeline to our full-time Global Finance & Business Management Analyst Program, which is not eligible for employer immigration sponsorship. If you will require employer immigration sponsorship after completing your degree, you do not meet the basic requirements of this summer internship role.

**Key skills and interests** include:

- Ability to thrive in a dynamic and collaborative work environment
- Excellent leadership and interpersonal skills
- Basic understanding of financial statements, accounting procedures, internal and external reporting, and variance analysis
- A well-rounded academic background with an interest in financial management
- All majors considered with a preference for finance and accounting majors
- Excel, PowerPoint and Word proficiency
- Relevant internship experience and leadership in school or community organizations
- Pursuing B.A., B.S. or 5th year M.A. or M.S. with an expected graduation date between December 2019 and June 2020
- A well-rounded academic background – minimum required cumulative GPA of 3.2 on a 4.0 scale
