

# ARE YOU READY TO TAKE THE LEAD?

The Linde Group is known as one of the world leaders in gases, engineering and healthcare. We operate in more than 100 countries across the globe and generated revenue of 17.113 billion euros in 2017. But what makes us great is our people, because they make great things happen. Guided by integrity, Linde employees take pride in what they do, because they know it makes a real difference to our customers. They are empowered to turn a challenge into an opportunity to learn and grow. This is how they take the lead, every day.

## Internship - Additive Manufactured Special Burner The Linde Group - Munich

### What you will enjoy doing

- You will support the LINDOFLAMM Team in actual projects on additive manufactured burners
- Profound literature research about burner design and standards
- With the help of your colleagues, you will plan and implement tests and experiments on additive manufactured burners
- You will analyze the results, draw conclusions and share your findings with the team to further the base knowledge in the field and contribute to the success of the projects

### What makes you great

- You are a student in the field of mechanical engineering, electromechanical engineering, physics or materials engineering
- You have a background in heat transfer and/or thermodynamics. Basic knowledge of combustion processes is a plus as well as on additive manufacturing
- You have gained first working experience in laboratory work
- You like to work independently
- You are fluent in German and English speaking and writing

### Why you will love working with us

Thinking outside of the box, working on new topics and concepts, deliver great solutions to our internal customers is essential to bring success to our business. Our Technologie & Innovation department will offer you a variety of possibilities to excel in your area of expertise. You will contribute towards making Linde an inclusive and diverse organization, creating innovative practices and fostering an environment that welcomes all differences – making Linde an employer of choice.

Linde acts responsibly towards its shareholders, business partners, employees, society and the environment in every one of its business areas, regions and locations across the globe. The company is committed to technologies and products that unite the goals of customer value and sustainable development.

For our Manufacturing Industries EMEA team in Unterschleißheim we are looking for a dedicated intern \* for 3 to 6 months.

The position will provide an excellent opportunity to perform research and interface with Linde experts and external businesses partners.

We look forward to receiving your complete online application (including CV, application letter and references). Please indicate your earliest possible date of joining.
